Old Business:

The equipment for Job 2 with the exception of the monitor is here. Brian Schwartz will begin work on Job 2 as soon as the monitor arrives.

Job 3 has not been started yet. Mr. Schwartz will have more information at the next meeting.

There is some equipment in the computer room that Mr. Schwartz is not sure what it goes to. Some of it belongs to the police department and Chief Burson gave a brief explanation of its uses.

There was a discussion on the ability of the police chief to gain access to the web-site to make changes. Because the web-site is several versions behind, Mr. Schwartz is the only person with access. It will take some upgrading of the software to allow multiple users access to the web-site. Mr. Schwartz will continue to post police items for now.

There are 13 updates ready for the computer. It will require a great deal of time to load all of the updates. This will be discussed at a future meeting. Mr. Schwartz will bring recommendations to the meeting on November 5th for the upgrading of the web-site software.

There are no updates on the status of the fiber optic network.

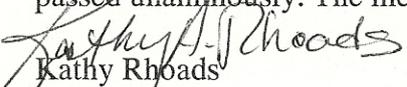

Mr. Schwartz gave updates on web-site usage. There are between 30 and 50 web-site hits per day on average.

New Business

Mrs. Miller will not be at the November 5th meeting.

Mrs. Miller has to confirm times on several events to put on the web-site

Mrs. Miller moved to adjourn. The motion was seconded by Mrs. Rhoads. The motion passed unanimously. The meeting adjourned at 7:44 PM.
