Streets & Parks Commissioner's Report:

The attached report was submitted by Jon Sobczak. Mr. Sobczak said he will go see the 2013 International dump truck the second week in March to check on the work already completed. There is a delay with the hydraulic pump.

Privilege of the Floor:

Mr. Stallard reported that he and Mr. Sobczak have met with the new ODOT representative, Evan Scurti, about the connecting the sidewalks and the bridge. Mr. Scurti had some favorable feedback about sharing the financial responsibility.

New Business:

A concern has been expressed about handicapped parking for the library. It was discussed there is not much The Village can do. Kathy Rhoads and Barb Schwartz will review the ordinance for parking and discuss options.

Barb Schwartz let the Committee know that directional signs for downtown parking have been advised through the Main Street Assessment Committee. The Zoning & Planning Commission is asking The Streets Department to handle getting the signs designated and installed.

Old Business:

The Sidewalk Resolution 2013-01 list has been updated and forwarded to council. The list includes 25 residents, the work on Route 3, Dollar General, El Patron, and the residents that did not repair their sidewalk last year. It was mentioned that grade level is considered when evaluating sidewalks.

The Liberty Street bridge is in the planning stage. The bridge will need to be resurfaced with concrete.

Mr. Sobczak reported he received a quote for sealant and it worked out to be .97 cents per pound. Mr. Sobczak will schedule this in the spring and fall.

Larry Landis made a motion to adjourn the meeting and was seconded by Kathy Rhoads. All were in favor. The meeting was adjourned at 8:30 p.m.

Respectfully Submitted,

Roger Kilgore
Streets Committee Chair
