Old business:

Brian Schwartz is working out a schedule to begin the first technology project. He may need to be here on a Saturday and arrangements would need to be made him to give him access to the offices.

Training for the office staff for posting items to the web-site will be co-ordinated with the Fiscal Officer. The Fiscal officer will provide the office staff schedule to Mr. Schwartz. He suggested a separate training class for the Mayor.

Mrs. Rhoads has been in contact with Mr. Dugger of One Community regarding the fiber optic network. She has provided him a list of the buildings where fiber optic network may be needed. Mr. Dugger will be doing a walk-through of the Village and he will meet with council when is he is finished to explain the next steps. The loop will go to the library and to the industrial park at the north end of Seville. The Village government offices would be a small user of the network but several businesses are anxious to have it.

Several crews are working throughout the county to get the network connected and grants may be available for the actual hook-ups.

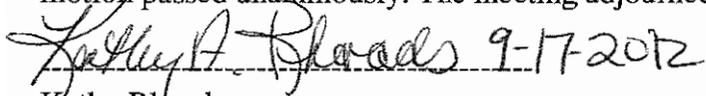

New business:

Mrs. Miller asked if the pancake breakfast sponsored in connection with the upcoming Giantfest could be placed on the web-site and on the reader board in front of the library. The board in front of the library is in need of repair but new letters are expensive. Posting village government meetings on the web-site with the web-site being advertised in the BOPA news was suggested.

Halloween trick or treat, and leaf pick-up information will be posted on the web-site. There was a discussion about the landing page of the web-site. Mayor Sulzener provided a handout showing possible pictures for the home page. Mrs. Rhoads will be meeting with Mr. Schwartz to inexpensively spruce up the page with new pictures and re-

arranging what is there. Mrs. Rhoads will have more on this after meeting with Mr. Schwartz.

Mrs. Miller made a motion to adjourn. The motion was seconded by Mr. Landis. The motion passed unanimously. The meeting adjourned at 7:35 PM.
